### Property Overview

Riverline Ranch is one of the largest tracts of land available just outside the city limits of Arcadia. With ample road frontage on both HWY 70 and SE Hansel Ave, this property allows for multiple points of access for a future landowner or developer. The property can also be accessed from the east via SE Hagen St. Currently zoned A-5 for low density residential development (1 dwelling per 5 acres), this land also has the potential for a zoning change to Industrial use given the standards described in the DeSoto County Comp plan. The landowner is willing to subdivide off a 30 acre portion along HWY 70 at an adjusted price. Reach out to Keat Waldron, ALC, for details.

Located only 40 minutes from the west coast, this land serves as a great investment for the rancher or farmer who wants to benefit from the continued agricultural use of the land and the low carrying costs due to greenbelt exemption. Arcadia is constantly growing with sewer already available at the site and water located 2 miles to the west off of HWY 70. DeSoto County is currently expanding their water infrastructure in three phases, allowing for future growth to occur.

Comprised of nearly 95% uplands, the land is mostly pasture, with some large oak trees lining the perimeter fencing. It has been maintained as a cattle ranch for many years with electricity, cow pens, and well water on site - making it easy to continue the current agriculture operation while allowing appreciation of the underlying land value to take place.

## DeSoto County

### FLORIDA

<b>Founded</b>	1887	<b>Density</b>	59.6 (2019)
<b>County Seat</b>	Arcadia	<b>Population</b>	34,504 (2023)
<b>Area</b>	637 sq mi	<b>Website</b>	<a href="http://desotobocc.com">desotobocc.com</a>

DeSoto County comprises the Arcadia Metropolitan Statistical Area, which is included in the North Port-Sarasota, FL Combined Statistical Area. Created in 1887 from part of Manatee County, DeSoto County, and was named for Spanish explorer Hernando de Soto. In 1921, the Florida legislature created four new counties out of DeSoto County: Charlotte, Glades, Hardee, and Highlands.

According to DataUSA, the population of DeSoto County grew from 36,903 to 37,371 between 2019 and 2020. This 1.27% increase in population speaks to the county's growing economy and appeal to new residents. Desoto's economy employs over 13,000 people with some of the largest industries including Construction, Agriculture, and Retail Trade. Some of the highest paying industries include Finance, Insurance, and Real Estate. DeSoto County is also part of the Florida Heartland Economic Region of Opportunity.
