

Todd Branch is 411 acres in the hills of east Monroe County, MS. Consisting of merchantable hardwood and pine timber, this tract is a good timberland investment with immediate returns available. The ridgeline interior road system allows easy travel across the tract with all roads accessing off Old Highway 6, a gravel county road. For the recreational user, the hilly topography lends itself to multiple lake/pond sites ranging from 5 to 40 acre impoundments. A staged timber harvest utilizing good wildlife management practices will improve the habitat for whitetail deer and eastern turkeys. Todd Branch, a running stream traverses the northwest corner of the property insuring a year round water source for wildlife. Don't miss this excellent mature timber and recreational investment property.
