### Property Overview

Millwood Timberland East is a balanced property located in a great recreational market. The Ashville area is home to numerous trophy grade recreational properties and is known for exceptional whitetail, turkey and waterfowl hunting. This property features an efficient footprint with good access and internal road infrastructure. The uplands are planted with slash pine that are approximately 8 years old. The pine plantation has not been thinned, therefore, the next owner can thin these woods per their own specification to achieve their desired understory objectives. The wetland areas serve as excellent duck habitat and there are numerous duck impoundments nearby that have created a good flyway for the region.

The property is located near the amenities of Thomasville, Tallahassee and Valdosta and features quick access to Hwy 221 and Interstate 10. The size and features of this property serve as an accessible entrance to a strong recreational market and the location caps this opportunity off with a balance of seclusion with nearby amenities.
