Amendment to Covenants, Conditions and Restrictions Concho Valley Unit 1

By approval of no less than 2/3 of all lot owners in Concho Valley Unit 1, the following amendment is made this 27 day of June, 2007 covering

Parcel #201-27-001 through Parcel #201-27-386, Concho Valley Unit 1 according to the plat thereof recorded on April 25, 1969, in Book 4 of Townsite Maps, page 19, in the office of the recorder of Apache County, Arizona.

The property owners desire to establish the following changes to the current CC&Rs for Concho Valley Unit 1 filed and recorded on May 8, 1969 in Apache County, Docket 116, Pages 505-508. These changes are to establish the nature of the use and enjoyment of the premises, and accordingly do hereby declare said premises subject to the following express changes to covenants and stipulations as to the use and enjoyment thereof, all of which are to be construed as restrictive covenants running with the title in said premises and with each and every part, parcel, lot or tract thereof, and with all conveyance of said premises or any portion thereof hereafter made, to wit:

USE OF LAND

Paragraph 8a is hereby amended to read as follows:

8. (a) All single family residences shall have a minimum of 1400 square feet of ground floor area exclusive of any portion thereof used for open porches, pergolas, patio, or garages, whether or not they are attached to, or adjacent to, said residences. Two story residences shall have a minimum of 1000 square feet on the first floor and a minimum of 400 square feet on the second floor. All residences will have a fully enclosed garage, either attached or detached.

Paragraph 9 is hereby amended to read as follows:

9. All residences within the subdivision shall be of new construction, not exceeding 35 feet in height from the lowest part of the structure.

Each dwelling shall have:

- a. concrete foundations and hardwood or concrete subfloor
- b. natural wood, brick, stucco, hardboard, or vinyl (lap application) siding
- c. asphalt shingle or better roofing

No buildings shall be moved from any other location onto any of said lots. Prefabricated or pre-erected dwellings shall not be allowed.

As per the requirements of the CC&Rs recorded on May 8, 1969, 100% of the property owners in Concho Valley Unit 1 were contacted by first class mail (see Exhibit A) on June 5, 2007, using the addresses as recorded from the Arizona Department of Revenue records. As per the requirements of the existing CC&Rs, a consensus of a minimum of 2/3 (255 lot owners) of the 386 total lot owners was required to make changes to the Deed Restrictions.

206 lot owners sent in signatures and 180 lot owners did not respond with the understanding that no response was an agreement to the changes. (see Exhibit B) The responses approving of the changes to the CC&Rs totaled 334 which is 87% of the total ownership in Concho Valley Unit 1.

Re: Change to Covenants, Conditions, and Restrictions (CC&Rs) - Concho Valley Unit 1

Parcel numbers(s): CVU1Amended Names.Sheet1.PARCEL ID

Dear Property owner:

I am contacting all of my fellow property owners in Concho Valley Unit 1 to vote on changes to the current CC&Rs in our subdivision. Currently, the CC&Rs allow pre-fabricated and pre-manufactured (mobile) homes to be installed on the lots and do not specify any minimum standards for construction. My proposed changes would take care of these issues plus I would also like to increase the minimum dwelling size from 800 sq feet to 1400 sq feet and add a requirement for garages. These changes will only affect new construction in the subdivision. If you have already built your home or have started construction, you will be "grandfathered" to the old CC&Rs.

I have heard from many of you already and have received positive feedback on the changes. We all recognize that an investment in housing is important. These changes will protect our investments and property values by requiring minimum standards for quality construction and appearance. Manufactured homes have already been installed in this subdivision. These changes should be put in place quickly before any more manufactured homes are installed.

The following is the wording for the changes:

USE OF LAND

Paragraph 8a is hereby amended to read as follows:

8. (a) All single family residences shall have a minimum of 1400 square feet of ground floor area exclusive of any portion thereof used for open porches, pergolas, patio, or garages, whether or not they are attached to, or adjacent to, said residences. Two story residences shall have a minimum of 1000 square feet on the first floor and a minimum of 400 square feet on the second floor. All residences will have a fully enclosed garage, either attached or detached.

Paragraph 9 is hereby amended to read as follows:

9. All residences within the subdivision shall be of new construction, not exceeding 35 feet in height from the lowest part of the structure. Each dwelling shall have:

- a. concrete foundations and hardwood or concrete subfloor
- b. natural wood, brick stucco, hardboard, or vinyl (lap application) siding
- c. asphalt shingle or better roofing

No buildings shall be moved from any other location onto any of said lots. Prefabricated or pre-erected dwellings shall not be allowed.

As per the current CC&Rs, we must have at least 2/3 of the total lot owners' approval of the changes to be able to record the amendment. Please sign the following page and return this to me in the self addressed stamped envelope by 6/25/07. If I do not get a response from you, I will consider this as an agreement to the changes but we would like to get as many signatures as possible.

Thank you,

Martha McClary
